

PARTICIPANTS NEEDED FOR RESEARCH STUDY

Domestic Violence, School Refusal, and Psychosocial Adjustment of Primary School Children

If you are a mother of a primary school aged child/children presenting with school refusal and you have experienced or continue to experience domestic violence in intimate partner relationships, you are invited to participate in this study.

This research study aims to investigate the relationship between exposure to domestic violence, school refusal, and psychosocial adjustment of primary school children. This study will help increase awareness about the impact of domestic violence on children and inform interventions for school refusal.

If you would like to participate please read the information letter by using the following the link: https://acu.ca1.qualtrics.com/WRQualtricsControlPanel/File.php?F=F_9BnFTvzz9omry85

The survey consists of four short questionnaires, which will take a total of approximately 35-40 minutes to complete.
